Dear [REDACTED]

I have your memo of 18 September 1958 and I want to assure you I am delighted to be a nominee for the Army War College.

I have jotted down some of my thoughts following your outline of topics on which I may be asked to express my views. Should you disagree with any of them I'd rather know before I am asked to meet with the Council.

Thanks to your note I feel much better prepared to discuss this proposed training than in my two previous appearances. I'm sure your future nominees for any training will better acquit themselves if they too have the benefit of such advice.

Sincerely,

25X1A9a
